

Stackable Modular Nugget Ice Machine

Features

Stackable nugget ice machine designed for high-volume soft ice production.

Produces up to 550 lb / 24 hr (225 kg) to cover daily drink, prep, and rush-period demand.

Matched storage bin holds 300 lb (136 kg), giving staff a larger reserve between harvests.

Makes soft nugget ice for drinks, displays, and easy chewing, matching the ice style shown in the catalogue ice-shape guide.

Fast-start nugget system begins delivering ice shortly after startup.

Size (Inch):	22 in W x 33.8 in D x 70.6 in H
Condenser Type	Air-Cooled
Refrigerant	R290 (145 g)
Rated Amp, Voltage, Power	12 A, 110 V / 60 Hz / 1 Ph, 1180 W
Certification	DOE, ETL, NSF
Ice Production	550 lb / 24 hr (225 kg)
Max Storage Bin Capacity	300 lb (136 kg)
Ice Shape & Size	Nugget ice
Ice Making Time / Cycle	Approx. 1 min startup
Ice Release Method	Bin drop / storage bin
Materials	SUS430 exterior, SUS304 interior
Insulation	Polyurethane foam
Foam Blowing Agent	Cyclopentane (CFC-free)
Net Weight	176 lb + 73 lb (80 + 33 kg)
Warranty	3 Year Parts & Labour

Air-cooled R290 refrigeration supports efficient output without water-cooled plumbing.

Runs on 110 V / 60 Hz / 1 Ph with 12 A draw and 1180 W rated power.

SUS430 exterior, SUS304 interior gives the nugget system durable, easy-clean commercial surfaces.

Polyurethane foam with Cyclopentane (CFC-free) helps limit heat gain and maintain stored ice quality.

DOE, ETL, NSF compliance package supports commercial specification requirements.
